

# ReadyFinancial+

Everything banks and credit unions need to recover quickly.

When customers and members are counting on you to maintain "business as usual," you can count on Agility for quick, turnkey recovery.

## Audit-Ready, Integrated Testing Services

We'll help you select from a wide range of tests to facilitate annually, based on your recovery needs and RTO.

Both remote and on-site testing available to ensure regulatory compliance and minimal downtime in the event of a disruption.

## Complete, Customizable Branch Recovery

While internal attempts to source temporary workspaces, connection services, and technology can result in serious delays in recovery, Agility quickly delivers everything needed to resume operations.

Choose from a range of layouts and features to provide employees and customers with a full-service temporary branch.

## Proven Success, Start-to-Finish Reliability

Agility's 30+ years of experience provides the know-how to ensure your business will continue through an interruption.

Beginning with a complete needs assessment, Agility is your partner in continuity planning, testing, and recovery.

**Comprehensive and customizable recovery options, end-to-end managed testing, and audit-ready reports**

"Agility was always there when we needed them, and we tended to need them a lot. Throughout the chaos of a major storm response, Agility was calm, cool, collected, and professional."  
- SVP, Hancock Whitney Bank

## Banks that test with Agility recover **50%** faster

\*than branches without a formal testing program.

Agility offers testing remotely, on-location, or at one of our testing centers.
